2012 RESULT ANALYSIS - GRADES 9 AND 11

A. BACKGROUND

This Assessment Instruction clearly outlines the procedures to be followed during the analysis of Grades 9 and 11 final results in 2012.

Grades 9 and 11 usually write the provincially set common assessment instruments every year. The Department of Education has had no opportunity to analyse the results for Grades 9 and 11 to date. As a critical feedback mechanism to teaching and learning, the end of the year Grades 9 and 11 examination results have to be analysed in detail. This will enable the understanding of the learner attainment in these grades in preparation for 2013 academic year.

EASTERN CAPE PROVINCIAL ASSESSMENT INSTRUCTION

The analysis of the end of the year results will provide the department an opportunity to plan for and implement customised intervention strategies for 2013 in order to achieve Provincial targets set, especially for Mathematics and Languages.

PROCEDURE TO BE FOLLOWED

The Department of Education has developed Templates to be utilised to analyse the results for Grades 9 and 11 and are attached as Annexure A and B respectively.

The following procedures shall be adhered to when learner performance is being analysed and reported on.

- Performance of each candidate in each subject must be analysed.
- The following scale of achievement must be used as extracted from the National Curriculum Statement(NCS):

ACHIEVEMENTLEVEL	ACHIEVEMENT DESCRIPTION	MARKS %
7	Outstanding Achievement	80-100
6	Meritorious Achievement	70-79
5	Substantial Achievement	60-69
4	Adequate Achievement	50-59
3	Moderate Achievement	40-49
2	Elementary Achievement	30-39
1	Not Achieved	0-29

- Count the number of candidates who achieved Level 1(0-29%) Level 7 (80-100%) and write it next to each subject on the template provided.
- Write the number of candidates enrolled for each subject, how many wrote the examination and how many passed.
- Pass requirement for each subject should be adhered too.
- Refer to Assessment Instruction 51 and 52 of 2012 for progression and promotion requirements.

B. SPECIAL INSTRUCTIONS

- Principals and School Management Teams must adhere to the closing dates without fail.
- Summary of the analysis should be done by the Principal/SMT of the school.

C. CLOSING DATES

- The closing date for the submission of the result analysis forms at the District Office is 03 December 2012.
- The submission date of the Results Analysis forms at the Provincial Head Office is 5 December 2012.

D. AMENDMENT OF ASSESSMENT INSTRUCTION 23 OF 2011

The part of Assessment Instruction 23 of 2011 under **General on page 5** which reads "as from 2012 a revised ratio between Schools Based Assessment (SBA) and the end of the year examination marks will be applied, namely:

Phase	SBA	Examination
Senior Phase	40%	60%
	L	

This is amended and should be read as:

Phase	SBA	Examination
Senior Phase	75%	25%
<u> </u>		

E. CONCLUSION

Principals and SMTs are therefore requested to disseminate this information to teachers timeously in order to accurately complete the provided results analysis forms. The comprehensive analysis of results will assist in the proper intervention strategies to improve teaching, leaning, assessment and targeted intervention to improve the learner performance in 2013. The co-operation of all stakeholders in this regard is both anticipated and appreciated.
