Foreword

I am honoured to release the 2012 National Senior Certificate (NSC) School Performance Report which reflects the achievement of schools offering Grade 12 over a three year period. Six thousand, six hundred and twenty three (6623) examination centres participated in the 2012 NSC examination, and the majority of these examination centres are public schools.

This report takes us to the locus of delivery of the education system which is our schools offering the Grade 12 exit examination. It provides education officials, teachers, parents and social partners with a picture of individual school's performance in the 2012 NSC examination.

The 2012 NSC results indicate a significant progress in the attainment of the targets set by the Department of Basic Education, as outlined in *Action Plan to 2014, towards the realisation of Schooling 2025*. The Department has consolidated its gains and is certainly on an upward trajectory. In the 2012 NSC examination 428 schools obtained 100% pass, 2585 schools obtained between 80% and 100% and 2171 schools that performed between 60% and 70%. These schools are commended for their performance

levels and for upholding the high standards commensurate with quality education. However, the remaining 1835 schools will be the focus of the district intervention programme relating to school improvement.

This report also lists the schools that have obtained a 100% pass rate over the last five years. These are schools that are the bastions of quality education and their efforts and commitment is highly acknowledged. A total of 103 schools obtained 100% pass rate over the last five years.

The gains made in 2012 would not have been possible without the commitment of the provincial managers, strengthened by the districts and consolidated by the teaching contingent responsible for this Grade 12 cohort. It is now my desire to see learner performance reach new heights in 2013 and thereon.

I want to take this opportunity to thank parents, teachers and principals as well as members of communities for their support in improving the quality of education at all our schools. Congratulations to all schools that were successful in the 2012 examination. To those schools that have not met the national and provincial targets, it is an opportunity to reflect seriously on your areas of weakness and focus on improving teaching and learning in 2013.

Let's continue to put our shoulders to the wheel to make our schools work efficiently and effectively in 2013.

A handwritten signature in black ink, which appears to read 'A M Motshekga'.

MRS A M MOTSHEKGA, MP

MINISTER OF BASIC EDUCATION

2 JANUARY 2013

1. Introduction

The school is the nucleus of the education system and it is therefore critical that schools are environments that are conducive to teaching and learning. The Department of Basic Education continues to strive to ensure that all schools meet this requirement.

This report will provide the results of each of the schools in the National Senior Certificate examination, indicating the number of candidates that wrote the examination and the number that satisfied the NSC requirements and the percentage obtained. It is crucial that schools are not judged solely by these figures, since learner performance is one of the indicators that could be used to judge the output of the school.

This report which lists the performance of all schools in the country at the Grade 12 level must be used in conjunction with the ANA results per school. The results at the Grade 12 level must be viewed in the light of the feeder schools to these secondary schools. This will assist to ascertain whether the reasons for under-performance originate from deficiencies in Literacy and Numeracy at the lower levels. This will therefore assist in addressing the challenges at an earlier stage in the teaching and learning continuum.

This report will be used by subject advisors and circuit managers to track the impact of their interventions which included common tests, extra-tuition and provision of additional support material. This will enable the PEDs to re-examine their intervention strategies so as to ensure that they are contributing to the desired output. In cases where the programme needs to be reviewed and re-constructed, this should be done early in the new year. This report can also be used in identifying schools of excellence with a view to sharing their good practices and skills in a bid to address the bigger capacity building agenda of the country.

2. Scope of document

This report will cover public, special, independent schools that wrote the National Senior Certificate examination. It covers overall performance of the schools in the 2010, 2011 and 2012 NSC examination. This period covers three years of implementation of the NSC Curriculum. There are however, certain schools that have participated in Grade 12 in 2012, but not in previous years.

An addition to this report in 2012, which will be maintained in future years, is the list of schools that have performed at a consistently high level over the last five years. This list will include schools that have scored 100% pass rate over the last five years.

3. Summary of school performance

The table below represents the total number of schools and the performance of these schools in terms of percentage categories..

Province Name		Total number of schools	0 - 19.9%	20 - 39.9%	40 - 59.9%	60 - 79.9%	80 - 100%	Exactly 0%	Exactly 100%
