3.3 DIFFERENTIATE BETWEEN AUTOCRATIC AND DEMOCRATIC LEADERSHIP STYLE.

**Autocratic style**
- The leader gives directives and instructions as a way of communicating with subordinates. √√
- He makes all decisions alone with little or no consideration of the needs of subordinates. √√
- Subordinates are told what to do and how to do it without being given the opportunity to give inputs or make suggestions. √√

Accept any other relevant answer regarding autocratic style. (2x2) (4)

**Democratic style**
- The leader involves subordinates in the decision-making, formulation of policies and problem solving. √√
- The leader seeks the opinion and ideas of the subordinates; however the leader remains accountable and has the authority to make the final decision. √√
- This leadership style improves employees’ motivation and helps the leader to win the support of the subordinates who are made to feel part of the team. √√

Accept any other relevant answer (Any 3x2) (6)

4.1.3 MICHAEL FREY’S FRESH MEAT CAN MAKE USE OF INTERNAL OR EXTERNAL RECRUITING WHEN FILLING THE VACANCY. (LO4AS2)
- Internal recruiting means that Michael Frey’s can notify all employees of a vacancy, they can search all employees files or have recommendations of outsiders by present employees. √√
- External recruiting means that Michael Frey’s can use sources such as this newspaper article, schools, universities, radio, and window display or internet recruitment to find an employee who can fill the vacancy. √√ (4)

4.1.4 LIST TWO DISADVANTAGES OF INTERNAL RECRUITMENT. (LO4AS2)
- The business tends to stagnate because staff members often think like their predecessors. There are therefore no new ideas. √√
- Staffs appointed at lower levels do not necessarily have the potential to fill senior management posts. If people with high potential are appointed at the lowest levels, they might not be prepared to wait long for promotion opportunities. √√
- There can be a lot of personal competition among colleagues, to the detriment of cooperation among them. √√ (Any 2x2) (4)
4.2 **FUNCTIONS/SERVICES OF JSE (LO2AS6)**

- Serves as a link between investors and entrepreneurs √√
- Serves as a barometer of economic conditions. √√
- Encourages small investors to obtain a share in the commerce of a country by buying shares. √√
- Enables financial institutions to invest their surplus funds in shares. √√
- Shares of companies are valued and assessed by experts. √√
- Share prices are published daily – this keeps investors informed about tendencies in the market. √√

(Any 4x2) (8)

4.3 4.3.1 (a) **Conciliation**

- Parties to a dispute bring their dispute to a neutral third party who acts (only) as a go between. √√
- Process aims to bring peace. √√
- Conciliation works where the parties have a fairly good relationship, where neither is extremely defensive nor aggressive, and where conflict has not yet reached a very high level. √√ (Any 2x2) (4)

(b) **Mediation**

- In labour disputes, mediation takes place when an impartial third party is apparent to encourage agreement between a labour union and management by counselling each side and facilitating negotiations. √√
- A mediator can only make recommendation, unlike an arbitrator. √√
- Mediation is effective where both parties are serious about finding a mutually acceptable solution, where a positive settlement range exists, where conflict has escalated because one or both of the parties are inexperienced and have overcommitted themselves, but where the conflict is not yet extreme. √√
- Both parties should also have faith in mediator. √√
- Mediation does not work well where there is a very high level of conflict and where matters of principle are at stake. √√ (Any 2x2) (4)
Arbitration

- Arbitration involves the appointment of a third party, the arbitrator, who will adjudicate in a dispute between the other parties. The arbitrator will take the role of a decision maker. √√
- The arbitrator listens to and investigates the demands of the employee and employer before making a final settlement. Whatever settlement the arbitrator imposes is binding by both parties. √√

4.4 EXPLAIN THE STEPS THAT MUST BE FOLLOWED WHEN DEALING WITH GRIEVANCE PROCEDURE. (LO3AS6)

- The aggrieved employee must first bring his/her problem to the attention of his/her supervisor who must try to resolve the issue. √√
- Should the employee not be satisfied with the resolution then he/she may address the problem with the next level of management in consultation with his/her Trade Union. √√
- The employee must complete a Formal Grievance Form for submission to management and the Trade Union. √√
- The management must arrange a meeting with the employee, the trade union and itself to resolve the grievance. √√
- This meeting must be attended by the employee, his/her supervisor, the trade union representative and management. √√
- Minutes of the meeting must be recorded and any resolutions passed must be recorded on the formal grievance form. √√
- Should the employee not be satisfied then he/she should refer the matter to the highest level of management. √√
- Top management meeting arranged with all parties concerned. √√
- Minutes of the meeting must be filed and decisions recorded on the formal Grievance Form. √√
- Should the employee be not satisfied, he/she may refer the matter to the CCMA who will make a final decision on the matter. √√

Accept any other relevant grievance procedure. (Any 6x2) (12)

QUESTION 6 LO2AS4

6.1 INTRODUCTION
- Investors have a range of investment opportunities to choose from. √
- They measure these investment opportunities against criteria for good investment. √
- Investors set financial goals and consider different factors when making these decisions. √ (3x1) (3)

6.2 INVESTMENT FACTORS TO BE CONSIDERED

Return on Investment (ROI) √√
- Generally there will be a direct link between risk and return. √√
  The higher the potential return, the higher the risk of a potential loss.
- The return should be expressed as net after-tax return. √√
- The net after tax return should be higher than the inflation rate at the time. √√

Accept any other relevant introduction (3)

Risk √√
- A good investment will be at low risk. √√
- An investment with a high rate of return will usually have a greater degree of risk. √√ (4)

Liquidity √√
- A certain amount of capital should be invested in a type of investment that can easily be converted to cash. √√
- The term liquidity is used to describe the ease and speed with which you can convert an investment. √√ (4)

Taxation √√
- A good investment will yield good after-tax returns. √√
- South Africa has a high interest rate. √√
- Income tax implications must be considered in order to get to a net after-tax rate of return. (4)

Inflation rate √√
- Inflation refers to a decrease in the value of money and rising prices. √√
- People with a fixed income are highly affected by a high inflation rate because if prices increase they can buy less with their money. √√
- Their buying power decreases. √√
- Income from an investment should be higher than the inflation rate. √√
- Inflation has a positive effect on some investments such as property and shares where the income will increase as the inflation increases. √√ (4)
Term of investment √√
- Investment can be for a short, medium or long term. √√
- Other forms of investment e.g. shares, can be sold at any time. √√
Accept any other relevant answer (Max 16)

6.3 FORMS OF INVESTMENT

Unit trusts √√
- It is a package made up of shares in different companies and can be bought directly from the unit trust company. √√
- Risk factor - a stock exchange crash will have a negative impact on the value of the units. √

Endowment policies √√
- This is where companies invest investor’s money in large projects such as buildings. √√
- Risk factor - a forecast is made, which is not always accurate and high unrealistic expectations of the investors are created. On maturity date, the investor could receive less than the original capital. √

Fixed deposit √√
- This is a very conservative method of investment-it is based on a fixed rate but is also more secure. √√
- Risk factor - is low compared to what the investor was promised he will receive. √

32-day notice account √√
- Your money is invested at a fixed rate, although you may withdraw it at any time provided you give bank 32 day notice. √√
- Risk factor - low because interest rate or rate of return is low. √

Bonds √√
- The investor’s money is used to finance the purchasing of buildings and the rate of return is normally above average. √√
- Risk factor - is low √
- Can be high as some buildings are overvalued and do not generate the required income when resold. √

Property investment √√
- Property can keep up with inflation and can be a very effective way of gearing your investment. √√
- By using external financing, investors can increase their return on investment. √√
- Mortgage bond can help investors to acquire an asset which they would not otherwise be able to afford. √√
- Risk factor - is low √
- Can be moderate to high as much depends on the location of the property and the political and economic environment. √
**Retirement Annuities (RAs)** √√
- Investment in which an individual pays a monthly premium over a long period of time before retirement. √√
- The money is invested on behalf of the individual. √√
- On retirement the money is paid out to the investor, to provide for his/her retirement. √√
- **Risk factor** low risk – funds are protected from creditors. √

**Off Shore investments** √√
- Offshore investment is the keeping of money in a jurisdiction other than one’s country of residence. √√
- Offshore jurisdictions are commonly accepted solution to reducing tax. √√
- They also allow legitimate investors to take advantage of higher rates of return or lower rates of tax on that return. √√
- **Risk factor** is low, medium or high risk - influenced by the economic performance of the country that has been invested in. √

Accept any other relevant answer (5x4) (20)

### 6.4 CONCLUSION
- Investment can be low, medium or high risk. √√
- Money can be invested on behalf of an individual by an asset management company. √√

QUESTION 7 LO3AS3

7.1 INTRODUCTION
- Enterprises realise that they cannot exist in isolation, but interact with the various environments. √
- Many institutions in South Africa have their own code of conduct and a commitment to ethical and professional behaviour. √
- Codes of practice have been developed to ensure that these issues are being addressed. √

7.2 Description of concepts:

7.2.1 Ethics
- Ethics refers to a set of values that are morally acceptable in society which define right, good and fair actions. √√
- Business ethics refers to rules and principles which influence the best business practice. √√
- Businesses develop their own code of ethics for best practice. √√

Accept any relevant description of the concept of ethics.

7.2.2 Professional behaviour
- This is a set of standards of expected practices e.g. treating people with respect. √√
- Specific occupational practices have developed their own code of professionalism. √√

Accept any relevant description of the concept of professional behaviour.

7.3 Issues that pose challenges to the business environment:

7.3.1 Taxation √√
- The government needs revenue from taxation to provide essential services such as housing, education, infrastructure development and medical care. √√
- Professional behaviour for businesses in this regard would be for businesses not to evade tax by falsifying financial records. √√
- Company tax, VAT and personal income tax are some of the main sources of income for the government. √√
- Tax evasion is illegal in South Africa and is regarded as a crime punishable with a fine or even a prison sentence. √√
- The SARS oversees the collection of tax. √√
Comment
- Recently tax collection in South Africa has exceeded budget expectations. √√
- This has been streamlined with the introduction of the SAP system. √√

Accept any other answer relating to the issue and its application.

7.3.2 Sexual harassment √√
- This is any sexual advance, gesture or remark that causes a person to feel intimidated and threatened. √√
- Sexual harassment is prohibited by labour legislation and companies must educate their employees on this issue. √√
- Sexual harassment is a basic violation of human rights which usually happens when someone has power over another person and abuses his/her position. √√
- Sexual harassment occurs when a superior offers a promotion or a raise in salary in return for sexual favours from the subordinate. √√
- The affected party is usually afraid to report it because of victimisation. √√

Comment
- Increase in the number of sexual violations and the courts are addressing these issues. √√

Accept any other answer relating to the issues and application.

7.3.3 Pricing of goods in rural areas √√
- It is good business and professional behaviour to have the same price for goods in urban and rural areas. √√
- Big businesses are reluctant to open outlets in rural areas because of poor returns on their investment. √√
- It is common practice for people in rural areas to pay higher prices for goods which in most cases are of inferior quality. √√
- Prices of goods in these areas are generally based on the personal characteristics of the consumers. √√
Comment
- Government is focusing on infrastructure development in rural areas. √√
- This includes shopping centres. √√
Accept any other answer relating to the issue and application.

7.3.4 Unfair advertising √√
- The advertising Standard Authority (ASA) regulates advertising and protects the interests of the public. √√
- Advertisements should be honest and should not abuse consumer' trust or lack of knowledge. √√
- Some businesses use misleading advertising to consumers so that they can get more value for their money by getting support for their products. √√
- Consumers are encouraged to lodge written complaints to the ASA regarding unethical advertising practices. √√
- Examples of unethical practice: advertising second-hand goods as new. √√

Comment
- The ASA are the watchdog and several advertisements have been withdrawn. √√
Accept any other answer relating to the issue and application.

7.3.5 Unauthorised use of funds √√
- Fraud is the theft or misuse of money that belongs to the employer. √√
- Fraud increases the cost of doing business, affects competition and discourages investors by adjusting prices upwards to absorb the losses. √√
- Business must conduct educational work amongst employees about the impact of fraud and understand that fraud prevention is a collective responsibility. √√
- Systems must be in place to reduce fraud, for e.g. by internal audit and risk management. √√
- People who are entrusted with the collection of large amounts of money have misappropriated money for personal gain. √√
Comment:
- Fraud cases have been highlighted in the media. √√
- Several cases have been heard in court regarding fraud. √√

Accept any other answer relating to the issue and application.

7.3.6 Abuse of working time √√
- Many businesses are faced with the dilemma where employees are using working time for their personal activities. √√
- The business must have a policy in place for employees on the abuse of work time e.g. making personal calls, sending personal e-mails and browsing through websites, unrelated to their work duties during work time. √√
- Businesses must implement time monitoring systems and time recording procedures. √√
- There should be some flexibility when dealing with workers who are conscientious, work long hours, and miss official work breaks when there is urgent work to be done. √√

Comments:
- Many of these issues have been addressed through grievance procedures. √√

Accept any other relating to the issue and application.
