NOTIFICATION

TO: ALL PRINCIPALS OF TECHNICAL SCHOOLS IN THE FET BAND AND DISTRICT HEADS OF EXAMINATIONS

**FROM: MRS F. NTSANGANI
(a) CES: ASSESSMENTS INSTRUMENT DEVELOPMENT AND ITEM BANK MANAGEMENT SUBDIRECTORATE**

SUBJECT: TECHNICAL MATHEMATICS PAPER 1 PREPARATORY EXAMS ERRATA

DATE: 12 SEPTEMBER 2022

The Technical Mathematics P 1 Grade 12 for the Preparatory September Examinations 2022 was written on Friday, the 09 September 2022. We were made aware of an error that was discovered during the writing and marking process of **question 9.2** of the paper.

The amendment with regards to the marking was prepared in conjunction with the Examiner and the Moderator of the paper. This amendment addresses the error and also ensures that Learners are not disadvantaged and so the following standardised approach to marking must be adopted across the province:

ERRATA

ERROR	RECOMMENDATION
<p>9.2 The function referred to in the sub – question was given as:</p> <p>$f(x) = 5x^2 - 20x$ instead of $f(x) = 5x^2 - 20$, hence the sketched graph does not correlate with the given function.</p>	<p>Sub – question 9.2 should not be marked for all the learners across the Province and so question 9 should be marked out of 4 marks and converted to 12 marks.</p> <p>Therefore, the marks should be converted according to the following table:</p> $\frac{0}{4} = \frac{0}{12}$

	$\frac{1}{4} = \frac{3}{12}$
	$\frac{2}{4} = \frac{6}{12}$
	$\frac{3}{4} = \frac{9}{12}$
	$\frac{4}{4} = \frac{12}{12}$
