1. ANALYSIS OF QUESTION –BY- QUESTION PERFORMANCE

QUESTION 1

Learners did well in this question, learners general knowledge was tested in this question. Most of the H.S.S Unit Std Sos and Acs were covered. Learners range between 70-75% in this question.

QUESTION 2

Learners did very well in this question, Sos & Acs were covered. Learners were tested on knowledge, skills, attitude and values. Learners pass marks range between 90-95%.

QUESTION 3

Learners also did well in this question, Us 115480-SOs1, 2 & 3 were covered. Knowledge, Skills and attitude were tested. Learners obtained pass mark which ranges between 70-75%.

QUESTION 4

Most learners obtained 100% in this question, Us 115471 SO2 was covered, knowledge, Skills and Attitudes were tested. Question 4.4 was misleading but learners were credited with a mark for that.

QUESTION 5

Poor quality of the picture and too many activities in the picture confused learners. This led to learners losing many marks in this question. Only a few gained 50%.

QUESTION 6

Learners in this question did well, their pass mark range between 70-75%. Us 115480, So2 and Us115477, 801 were covered. Learners' skills, knowledge and attitude were tested.

QUESTION 7

Learners perform well in this question. HSS -US 15477, So 1 and 2 were covered. Their knowledge, skills and attitudes were tested. Only a few learners who obtain 40 % in this question.

QUESTION 8

This was a challenging question. In question 8.1 and 8.2 learners were confused. While some did well the majority did not understand what is expected of them.

7. ANY ADVICE THAT YOU COULD GIVE TO EDUCATORS TO HELP LEARNERS TO REACH THE EXPECTED LEVELS

I would advice that HSS educators should familiarise themselves with the Unit Standard and Specific Outcomes that they are going to use and also do revision using the previous years questions papers.

8. ANY OTHER COMMENTS

Educators are doing a great job because each and every year there is an improvement to the learners pass rate. Educators must encourage learners to use newspaper articles and magazines, the aim is to drill learners on how to analyse a source. Make use of different relevant textbooks especially Grade 9 HSS text book.
