## 1. INTRODUCTION

The declaration of COVID-19 as a global pandemic by the World Health Organisation led to the disruption of effective teaching and learning in many schools in South Africa. The majority of learners in various grades spent less time in class due to the phased-in approach and rotational/ alternate attendance system that was implemented by various provinces. Consequently, the majority of schools were not able to complete all the relevant content designed for specific grades in accordance with the Curriculum and Assessment Policy Statements in most subjects.

As part of mitigating against the impact of COVID-19 on the current Grade 12, the Department of Basic Education (DBE) worked in collaboration with subject specialists from various Provincial Education Departments (PEDs) developed this Self-Study Guide. The Study Guide covers those topics, skills and concepts that are located in Grade 12, that are critical to lay the foundation for Grade 12. The main aim is to close the pre-existing content gaps in order to strengthen the mastery of subject knowledge in Grade 12. More importantly, the Study Guide will engender the attitudes in the learners to learning independently while mastering the core cross-cutting concepts.

## 2. HOW SHOULD WE USE THIS STUDY GUIDE?

1. This study guide addresses content and offer strategies to understand the preparation of the Statement of Financial position, in a piecemeal approach, with consolidation activities to conclude.
2. The explanations and activities are intended to supplement the work you may have covered in class or have gained from textbooks.
3. They proceed from the short, simple focused examples to more complex calculations and interpretation of information.
4. It is important to allocate sufficient time to:

- Carefully read the explanations provided and underline or highlight key concepts, difficult vocabulary, important dates and relevant amounts.
- Interrogate the worked example to gain an understanding of the message being conveyed or the sequence of events being illustrated.

5. Attempt the activities on your own; make constant reference to the explanatory notes, but avoid referring to the suggested answers before completing an activity.
6. Compare your answers to the suggested answers attached, and do your corrections using a different colour ink. Note that you will learn more by discovering your weaknesses (when you get things wrong), and making an effort to understand why your thinking was out of line with what was expected.
7. The activities provided may not be sufficient to perfect your skills. Always refer to similar questions from past examination papers for this purpose. Repetitive practice is always valuable.
8. Become familiar with the use of Answer Books and prepared writing material as this is the trend with all Accounting examinations.

## PRE-AMBLE:

- The Statement of Financial Position is covered in Term 1, under Financial Statements of Companies.
- It will feature in the Accounting P1 (Financial Reporting and Evaluation).
- Recent trends on this topic focus mainly on preparation of the complete Statement of Financial Position and specific notes, assessment can also focus at the preparation of Statement of Comprehensive Income and a section of the Statement of Financial position.
- Missing amounts can also be calculated using the financial indicators relevant to the Statement of Financial Position.
- Statement of Financial Position can be integrated with the "Interpretation of Financial Statements, Auditing or Corporate Governance and all this these integrated topics are assessed in a separate Question.

## 3. STATEMENT OF FINANCIAL POSITION

## A BASIC EXPLANATION

The Balance Sheet is a Financial Statement that is usually prepared at the end of the accounting period (a financial year) to show the financial position of a business in terms of its assets, liabilities and equity.

A list of commonly used concepts with explanations is provided below. You are advised to compile a list of additional concepts relating to Balance Sheet.
3.1 KEY CONCEPTS

| CONCEPT | EXPLANATION |
| :--- | :--- |
| Assets | These are business possessions used to generate profit and are <br> classified into two categories, namely Non-current Assets and <br> Current Assets. |
| Non-current Assets | These are not intended for resale and they last for a long period, <br> more than a year. Examples are Land and buildings, equipment etc. |
| Current Assets | These are liquid and include assets that can be easily converted into <br> cash within a short period of time (within a year), e.g. cash and cash <br> equivalents, inventories and trade and other receivables. |
| Liabilities | These are amounts owed by a person or business to another. They <br> are classified into two categories namely, Non-current Liabilities and <br> Current Liabilities. |
| Non-current Liabilities | Are long-term debts repayable beyond the period of one year, <br> example is a mortgage loan. |
| Current Liabilities | Are short-term debts repayable within a period of 12 months e.g. <br> trade and other payables and current portion of loan. |
| Shareholders' Equity | Total amount attributable to shareholders, it consist of ordinary share <br> capital and retained income. |
| Ordinary shares | A type of shares that entitle the owners to dividends that vary in <br> amount according to the profits made by the business. |
| Authorised share capital | The maximum number of shares a company may sell according to <br> the company's Memorandum of Incorporation. |
| Issued share capital | The number of shares that have been sold to the public. |
| Retained Income | A portion of the profit after tax that has not been paid out to the <br> shareholders in dividends but kept (retained) for future growth of the <br> company. |
| Income tax | Tax levied by the government (SARS) on income earned by <br> individuals or companies. |
| SARS | The government department to whom the company must pay <br> income tax on the profits and VAT when due. |
| Dividends | Profits shared amongst the shareholders in proportion to the number <br> of shares held, it is normally expressed as cents per share |
| Interim | Dividends paid to the shareholders during the financial year. |
| fividends | Dividends declared (recommended) to the shareholders at the end <br> of the financial year. |
| Short term loan | The amount owing to shareholders for dividends declared but not yet <br> paid. |
| The portion of long term debt that is payable within a period of one <br> year, in the next financial year. |  |

## PRIOR KNOWLEDGE (Content you would have covered in previous Grades)

- General Ledger and Accounting Equation
- Balance Sheet accounts and Nominal accounts (Trial Balance)
- An understanding of the Income Statement and adjustments
- Balance Sheet of a sole trader and Balance sheet of a partnership

SToke The Statement of Financial Position and the Balance Sheet will be used
Notel interchangeably throughout this study guide.

## A REFLECTION OF THE YEAR-END CYCLE OF ACTIVITIES

FINANCIAL STATEMENTS

## STATEMENT OF COMPREHENSIVE INCOME (Income Statement)

## EXPENSES

- Cost of sales
- Rent expense
- Salaries and wages
- Packing material
- Insurance
- Discount allowed
- Telephone
- Loss on sale of asset
- Depreciation
- Trading stock deficit
- Provision for bad debts adjustments (increase)
- Audit fees
- Directors fees
- Interest on loan
- Interest on bank overdraft
- Interest on overdue accounts of creditors

## INCOME

- Sales
- Rent Income

ㅇ . Discount received

- Bad debts recovered
- Profit on sale of asset
-     - Trading stock surplus
- Provision for bade debts adjustment (decrease)
- Interest on fixed deposit
- Interest on current account
- Interest on overdue accounts of debtors

Net profit before taxation LESS taxation EQUAL to net profit after tax

## BASELINE ACTIVITY

## REQUIRED

Provide a list of accounts that will be recorded in the Balance Sheet ,use the following structure to classify:

| Assets | Liabilities | Equity |
| :--- | :--- | :--- |
|  |  |  |

## SUGGESTED ANSWER

| Assets | Liabilities | Equity |
| :--- | :--- | :--- |
| $\bullet$ Tangible assets | $\bullet$ | Loan |
| $\bullet$ | Fixed deposit | $\bullet$ |
| • Trade and other payables | $\bullet$ | Ordinary share capital |
| $\bullet$ | Inventories | $\bullet$ |
| $\bullet$ | Srade and other | Shareholders for |
|  | receivables | dividends |
| $\bullet$ | Cash and cash | Short term loan |
|  | equivalents | $\bullet$ |

| CLASSIFICATION OF BALANCE SHEET ACCOUNTS |  |  |  |
| :---: | :---: | :---: | :---: |
| Non- Current Assets | Current Assets | Shareholder's Equity | Current Liabilities |
| Tangible Assets <br> - Land and Buildings <br> - Vehicles <br> - Equipment <br> Financial Assets <br> - Fixed Deposit | Inventory <br> - Trading stock <br> - Consumable stores on hand <br> Trade and other receivables <br> - Debtors Control <br> - Provision for bad debts \#\# <br> - Accrued income <br> - Prepaid expenses <br> - SARS -Income Tax *** <br> Cash and cash equivalents <br> - Bank <br> - Petty cash <br> - Cash float <br> - Fixed deposit (receivable within 12 months) | - Ordinary share capital *** <br> - Retained Income *** | Trade and other payables <br> - Creditors Control <br> - Accrued expenses <br> - Income received in advance / <br> Deferred income <br> - SARS -Income Tax *** <br> - Shareholders for dividends *** <br> - Short term loan (payable within 12 months) <br> Bank Overdraft |
|  |  | Non-Current Liabilities |  |
|  |  | - Long term loan |  |
|  |  |  |  |
|  | \#\# this account will reduce the Debtors Control |  | *** New items |

### 3.2 STRUCTURE OF THE STATEMENT OF FINANCIAL POSITION

The content progression and content overlap across the FET phase is illustrated in the table below:

| EQUITY SECTION OF THE BALANCE SHEET |  |  |  |  |  |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| Grade 10 |  |  | Grade 11 |  |  | Grade 12 |  |  |
| Owner's <br> Equity |  | xxxx | Partners' Equity |  | xXXX | Shareholders' Equity |  | XXXX |
| Capital | 7 | xxxx | Capital Accounts | 7 | XXXX | Ordinary Share Capital | 7 | xxxx |
|  |  |  | Current Accounts | 8 | xxxx | Retained Income | 8 | xxxx |

Note the following :

| Assets |  | Equity |  | Liabilities |  |
| :--- | :--- | :--- | :--- | :--- | :--- |
| Debit | Credit | Debit | Credit | Debit | Credit |
| Increase + | Reduce - | Reduce - | Increase + | Reduce - | Increase + |
|  |  | When equity and liabilities: <br> 0 <br> O Increase they are CREDITED <br> 0 |  |  |  |
|  |  | Reduce they are DEBITED |  |  |  |

### 3.3.1 ORDINARY SHARE CAPITAL AND RETAINED INCOME NOTES

| Ordinary Share Capital |  |  |  |
| :---: | :---: | :---: | :---: |
| xxx | Ordinary shares at beginning of year | XXX | If shares are repurchased BEFORE an additional issue, use the opening balance to calculate the average share price. |
| xxx | Shares issued during the year at Rx | xxx | If shares are repurchased AFTER the issue: $\frac{\text { Value of shares at beginning PLUS issued }}{\text { Number of shares at beg Plus issued }}=\text { Average price }$ |
| (xxx) | Shares repurchased at average price | (xxx) | Shares repurchased are recorded at the average share price <br> (below the price paid for shares). |
| xxx | Ordinary shares in issue at end of year | xxx | The closing balance can also be used to calculate the average share price, if the repurchase is the last transaction for the year. |
| $\uparrow$ | Number of shares |  | Value of shares |

| Retained Income |  |  |
| :--- | :---: | :--- |
| Balance at the beginning of the year | xxx | Retained income balance at the beginning <br> of the year <br> (closing balance of the previous year) |
| Net profit after tax | xxx | Net profit after tax as it appears on the <br> Income Statement |
| Repurchase of shares | $(\mathrm{xxx})$ | Amount paid above AVERAGE PRICE for <br> the repurchased shares |
| Ordinary share dividends | $\mathrm{xxx})$ | Interim PLUS final dividends |
| - paid | xxx | Interim dividends PAID during the year |
| - recommended | Final dividends DECLARED but not paid $/$ <br> dividends owed to shareholders |  |
| Balance at the end of the year | xxx | This balance is transferred to the Balance <br> sheet |

ALL the bracketed figures reduce the retained income.

## EXAMPLE 1

## JOZI LIMITED

You are presented with information from the records of Jozi Limited. The financial year-end is 28 February 2021

Prepare the following notes to the Balance Sheet:

- Share capital
- Retained income

## INFORMATION

A The authorised share capital consists of 750000 ordinary shares. On 1 March 2020, only $60 \%$ of the shares were in issue.

B Information extracted from financial records of Jozi Limited:

|  | $\mathbf{2 8 ~ F e b}$ | $\mathbf{2 9 ~ F e b}$ |
| :--- | ---: | ---: |
|  | $\mathbf{2 0 2 1}$ | $\mathbf{2 0 2 0}$ |
| Ordinary share capital | $\mathbf{?}$ | 3215000 |
| Retained income | $\mathbf{?}$ | 322500 |
| Total ordinary shareholders' equity | $\mathbf{?}$ | 3537500 |
| Interim dividends paid on 31 August 2020 | 270000 |  |
| Net profit after tax | 812700 |  |
|  |  |  |

## ADDITIONAL INFORMATION

- On 1 November 2020, the company issued a further 80000 shares at R9, 50 per share.
- On 28 February 2021, the directors decided to repurchase 75000 ordinary shares from the estate of a shareholder who had died. This shareholder had originally purchased his shares on the JSE at various times and at different prices. A repurchase price of R10, 40 was accepted as a fair price.
- On 27 February 2021, a final dividend of 40 cents per share was declared. All shares, including the new shares issued and repurchased, qualify for final dividends.

## WORKED EXAMPLE 1

ORDINARY SHARE CAPITAL AUTHORISED SHARE CAPITAL

## 750000 ordinary shares

ISSUED SHARE CAPITAL

| 450000 | Ordinary shares on 1 March 2020 | 3215000 |
| :---: | :--- | :---: |
| 80000 | Ordinary shares issued during the year | 760000 |
| $(75000)$ | Ordinary shares repurchased <br> $(75$ 000x7.50 $)$ | $(562500)$ |
| 455000 | Ordinary shares in issue on 28 February <br> 2021 | 3412500 |

## Shares issued at beginning : <br> $750000 \times 60 \%=450000$ <br> Shares issued in November : <br> $80000 \times 9.5=760000$

Repurchased shares:
R3 $215000+\mathrm{R} 760000=\mathrm{R} 7.50$
$450000+80000$

## Average share price: <br> ADD the issued shares during the year to the opening balance

## NOTE:

- The shares bought will be recorded in the above note at an average price of R7.50
- The difference of R2.90 will be recorded in the Retained income note (R10.40-R7.50)

## RETAINED INCOME

| Balance on $\mathbf{1}$ March 2020 | $\mathbf{3 2 2 5 0 0}$ |  |
| :--- | ---: | :--- |
| Funds used for share buyback $(75000 \times 2.90)$ | $(217500)$ | This figure should be in <br> brackets. Reduces RI |
| Net profit after tax | 812700 |  |
| Ordinary share dividends | $(482000)$ | Dividends reduce the <br> retained income |
| - Interim dividends | 270000 | Paid during the year <br> - Final dividends (530 $000 \times 40$ cents) <br> Balance on $\mathbf{2 8}$ February $\mathbf{2 0 2 1}$ |

NOTE: The final dividends are paid to all the shares (issued and bought back)
Calculations: $\quad 450000+80000=530000$
OR
$455000+75000=530000$

## EXAMPLE 2

### 2.1 POOBIE LTD

You are provided with information for the financial year ended 28 February 2021.

## REQUIRED:

Complete the following notes to the Balance Sheet (Statement of Financial Position) on 28 February 2021, the financial year-end:
2.1.1 Notes to the Balance Sheet (Statement of Financial Position) for:

- Ordinary share capital
- Retained income

## INFORMATION:

## A. Balances/Totals for February:

|  | $\mathbf{2 0 2 1}$ | $\mathbf{2 0 2 0}$ |
| :--- | ---: | ---: |
| Ordinary share capital | 8960000 | 6020000 |
| Retained income | $?$ | 434000 |
| Fixed assets at book value | 9823405 |  |
| Loan: Protea Bank | $?$ | 360000 |
| SARS: Income tax (Dr) | 11340 |  |

## B. Additional information

## Share capital and dividends:

Authorised share capital: 2000000 ordinary shares

| 1 March 2020 | 1 000 000 of the shares were in issue. |
| :--- | :--- |
| 31 April 2020 | Interim dividends paid: 35 cents per share. |
| 1 May 2020 | New shares issued at a price of R5 per share. |
| 31 January 2021 | 100000 shares were repurchased at $25 \%$ above <br> the average share price. These shares qualify for <br> final dividends. The relevant entries have not <br> been made in this respect. |
| 28 February 2021 | NOTE: Only 80\% of shares were in issue. <br> A final dividend of 10 cents per share was <br> declared. |

## WORKED EXAMPLE 2

ORDINARY SHARE CAPITAL

## AUTHORISED SHARE CAPITAL

## 2000000 ordinary shares

ISSUED SHARE CAPITAL

| 1000000 | Ordinary shares at the beginning | 6020000 |
| :--- | :--- | :--- |
| 700000 | Ordinary shares at R5 | 3500000 |
| $(100000)$ | Repurchase of shares at R5,60 | $(560000)$ |
| 1600000 | Ordinary shares on 28 February 2021 | $\mathbf{8 9 6 0 0 0 0}$ |

- Number of issued shares at end of year is $2000000 \times 80 \%=1600000$
- Average share price is R8 $960000 \div 1600000=\mathrm{R} 5.60$
- Number of shares issued is: $1600000+100000-1000000=700000$
- BOTTOM UP calculations -change the signs as you move upward, the sign for 1600000 shares WILL NOT CHANGE.
- The T Account can also be used to determine the shares issued

RETAINED INCOME

| Balance on 1 March 2020 | 434000 |
| :---: | :---: |
| Net profit after tax | 850000 |
| $\begin{aligned} & \text { Repurchase of shares } \\ & (100000 \times 1,40) \text { OR }(560000 \times 25 / 100) \end{aligned}$ | (140 000) |
| Ordinary share dividends | (520 000) |
| Paid (1000 $000 \times 35 / 100$ ) | 350000 |
| Recommended (1700 000 $\times$ 10/100) | 170000 |
| Balance on 28 February 2021 | 624000 |

- INTERIM DIVIDENDS- used 1000000 shares in issue at the beginning of year, movement in shares took place in May.
- Shares are bought at $25 \%$ above i.e., R5.60 $25 \%=$ R1.40
- The actual cash paid for each share is R5.60 + R1.40 = R7.00
[This amount will be recorded in the Cash flow statement]
OR
- $R 5.60 \times 125 / 100=R 7.00$

## ACTIVITY 1

## STONEY LTD

The information below was extracted from the accounting records of Stoney Ltd on 28 February 2021

## REQUIRED:

1.1 Prepare the following notes to the Financial Statements for the year ended 28 February 2021:

- Ordinary Share Capital
- Retained Income

## INFORMATION:

A. Balances

The balances for 2021 were extracted from the accounting records before the adjustments and additional information were taken into account:

|  | 28 February 2021 | 29 February 2020 |
| :--- | ---: | ---: |
| Balance Sheet accounts section |  |  |
| Ordinary share capital | R? | R1 275000 |
| Retained income | $?$ | 28900 |

B. Figures extracted from the financial records on 28 February 2021

|  | R |
| :--- | ---: |
| Depreciation | 78350 |
| Income tax paid | 112000 |
| Money received from the issue of new shares | 220000 |
| Payment for shares repurchased | 120000 |

## C. Share capital and dividends

- Stoney Ltd has an authorised share capital of 400000 shares.
- 300000 shares were in issue on 1 March 2020.
- 20000 shares were repurchased on 1 October 2020 from the estate of a deceased shareholder.
- 40000 new shares were issued on 28 February 2021.These shareholders do not qualify for final dividends.
- An interim dividend of 10 cents per share was paid on 28 August 2020.
- A final dividend of 20 cents per share was declared on 28 February 2021.
D. Income tax was calculated at $28 \%$ of the net profit for the year.

### 3.3.2 TRADE AND OTHER PAYABLES NOTE

| Trade and other payables |  |
| :--- | :--- |
| Trade creditors | The balance of creditors at the end of year <br> amongst others will be affected by TRANSFER of <br> creditors to debtors or TRANSFER from debtors <br> to creditors. |
| Accrued expenses/payable expenses | Expenses ADDED in the Income statement |
| Income received in advance (deferred) | DEDUCTED from income statement -not relevant <br> to current year |
| Creditors for salaries | Gross Wages LESS deductions |
| SARS (PAYE) | DEDUCTED from the salaries or gross wages |
| Pension Fund | Pension DEDUCTED from employees' salaries <br> PLUS employers' contribution. |
| Medical Aid Fund | Medical fund deducted from employees' salaries <br> PLUS employers contribution. |
| Shareholders for dividends | Dividends declared at end of year and is still due. |
| SARS (income tax) | Amount owing to SARS at end of year. Refer to <br> ledger below. |
| Short term loan / Current portion of loan | Portion of loan DEDUCTED from Long term loan |

| GENERAL LEDGER |  |  |  |  |  |  |  |  |  |
| :--- | ---: | :--- | ---: | ---: | ---: | ---: | :--- | :--- | :--- |
| SARS - Income Tax Account <br> Mar | 20 | Bank | CPJ | 9000 | 2020 <br> Mar | 01 | Balance | b/d | 9000 |
| 2020 <br> Aug <br> 2021 <br> Feb | 31 | Bank | CPJ | 125000 | 2021 <br> Feb | 28 | Income Tax | GJ | 375000 |
|  | 30 | Balance | c/d | $\mathbf{5 0 0 0 0}$ |  |  |  |  |  |
|  |  |  |  | 384000 |  |  |  |  |  |

- This amount will be recorded in the Balance Sheet OR under Trade and other payables
- A debit balance of SARS-Income tax will be recorded under trade and other receivables

NOTE : The figures above are used to illustrate the different transactions that affect this account over the financial period.

## ACTIVITY 2

## PHESWA LTD

You are presented with information from the records of Pheswa Ltd. The financial year- end was 28 February 2021.

## REQUIRED:

2.1 Prepare the following notes to the Balance Sheet:
2.1.1 Ordinary share capital
2.1.2 Retained income
2.1.3 Trade and other payables

INFORMATION:
A. List of balances extracted on 28 February 2021, unless otherwise stated:

| Ordinary share capital (1 March 2020) | R4 022 000 |
| :--- | ---: |
| Retained income (1 March 2020) | 413220 |
| Inventories (Trading Stock) | 442700 |
| Debtors' Control | 305240 |
| Creditors' Control | 219400 |
| Bank overdraft | 57480 |
| Fixed deposit (R60 000 matures on 30 June 2021) | 230000 |
| Long term loan | 946500 |
| SARS: Income tax (provisional income tax payments) | 147770 |
| Accrued expenses | 16490 |
| Income received in advance | 8880 |

B. Share capital and dividends:

- The authorised share capital comprised 1200000 ordinary shares.
- On 1 March 2020, 60\% of the shares were in issue.
- On 30 June 2020, the directors issued a further 200000 at R6, 80 each.
- On 31 August 2020, in interim dividend of 13 cents per share was paid to all shareholders on the share register.
- On 31 October 2020, 100000 ordinary shares were repurchased at R7, 00 per share. These shareholders did not qualify for final dividends.
- A final dividend of 27 cents per share was declared on 28 February 2021.
C. Net profit and income tax
- The net profit before tax amounted to R535 000.
- The provisional tax payments did not cover the total income tax for the year. An amount of R12 730 was still due to SARS.
D. $20 \%$ of the long term loan is payable in the next 12 months.

### 3.3.3 TANGIBLE ASSETS AND TRADE AND OTHER RECEIVABLES

## Tangible Assets

|  | Land and <br> Buildings | Vehicles | Equipment |
| :--- | :---: | :---: | :---: |
| Carrying value at beginning (H) | $\mathbf{x x x}$ | $\mathbf{x x x}$ | $\mathbf{x x x}$ |
| Cost (A) | xxx | xxx | xxx |
| Accumulated depreciation (B) | $(x x x)$ | $(x x x)$ | $(x x x)$ |
| Movements |  |  |  |
| Additions at cost (C) | xxx | xxx | xxx |
| Disposals at carrying value (D) | $(x x x)$ | $(x x x)$ | $(x x x)$ |
| Depreciation for the year (E) |  | $(x x x)$ | $(x x x)$ |
| Carrying value at end of year (I) | $\mathbf{x x x}$ | $\mathbf{x x x}$ | $\mathbf{x x x}$ |
| Cost (F) | xxx | xxx | xxx |
| Accumulated depreciation (G) |  | $(x x x)$ | $(x x x)$ |

$\mathrm{H}=\mathrm{A}-\mathrm{B}$ Cost LESS Acc Depreciation equals to Carrying Value

Asset disposed @ Carrying value = Cost Price LESS Accumulated depreciation
$F=A+C-$ Cost price of Asset disposed OR Cost at beginning PLUS additions LESS Cost price of asset disposed
$G=(B+E)$ LESS
Accumulated depreciation on asset sold

Trade and other receivables

| Trade debtors | xxx | Refer to explanation on trade and other payables <br> (3.3.2) and the information provided below (NOTE). |
| :--- | :---: | :--- |
| Provision for bad debts | $(x x x)$ | Debtors from balance(s) LESS OR PLUS adjustments <br> affecting debtors multiplied by a percentage provided. |
| Net trade debtors | xxx | Balance of debtors REDUCED by provision for bad <br> debts |
| Accrued income | xxx | Accrued income is also ADDED in the Income <br> statement |
| Prepaid expenses | xxx | These amounts are DEDUCTED in the Income <br> statement |
| SARS (income tax) (Dr) | xxx | Amount owed by SARS at the end of the year .Refer to <br> the note on trade and other payables |

## NOTE :

- Adjustments on goods returned will reduce debtors balance
- Goods sold will increase the debtors balance
- Transfer of debtors with credit balances will increase the debtors balance
- Bad debts written off will reduce the debtors balance

## EXAMPLE 3 -TANGIBLE ASSETS

## REQUIRED

You are presented with information from the records of Fanyana Ltd. The financial year ends on 28 February 2021.
3.1.1 Calculate depreciation on the following assets:

- Equipment
- Vehicles
3.1.2 Calculate the profit or loss on sale of an asset
3.1.3 Complete the note on tangible assets

## INFORMATION A

TANGIBLE ASSETS

|  | Land and <br> Buildings | Equipment | Vehicles |
| :--- | :---: | :---: | :---: |
| Carrying Value on 01-03-2020 | 800000 | 50000 | $?$ |
| Cost | 800000 | 400000 | 300000 |
| Accumulated Depreciation | - | $(350000)$ | $?$ |

## INFORMATION B

## EQUIPMENT

- Fanyana Ltd has two ovens that were bought for R 200000 each. Accumulated depreciation on these ovens on 1 March 2020 was R 350000 . The business has had these ovens for more than five years, and they are expected to be used productively for another three years.
- A new oven was bought on credit from Diane Suppliers for R250 000 on 1 December 2020.
- Depreciation on equipment is calculated at $15 \%$ p.a. on cost price.

## VEHICLES

- A van (Isuzu 225), bought on 1 March 2018 for R300 000, was sold for R220 000 cash on 1 September 2020.
- Two Hino 365 vans were bought on 31 May 2020 for R 325000 each. The funds were transferred electronically to the motor dealer.
- Depreciation is calculated at $20 \%$ p.a. on the carrying value.

WORKED EXAMPLE 3

## CALCULATIONS FOR DEPRECIATION

| Old Equipment | New Equipment |
| :--- | :--- |
| $50000-(\mathrm{R} 1 \times 2)=49998$ | $250000 \times 15 \% \times 3 / 12=9375$ |

## Vehicles

Sold:
Year one
$300000 \times 20 \%=60000$
Year two
$(300000-60000) \times 20 \%=48000$
240000
Year three
(300 000-60 000-48 000) $\times 6 / 12 \times 20 \%=19200$ 192000

## New :

$(325000 \times 2) \times 9 / 12 \times 20 \%=97500$ 650000

## Calculation for profit or loss on sale of an asset

$300 \mathbf{0 0 0} \mathbf{- ( 6 0 0 0 0 + 4 8 0 0 0 + 1 9 2 0 0 ) - 2 2 0 0 0 0 = 4 7 2 0 0}$

| Cost price | Accumulated depreciation | Cash sales | Profit on sale of asset |
| :--- | :--- | :--- | :--- |

## OR

| Asset Disposal Account |  |  |  |
| :--- | :---: | :--- | :--- |
| Vehicle | 300000 | Acc Depreciation on Vehicles <br> $(60000+48000+19 ~ 200)$ | 127200 |
| Profit on sale of an asset | 47200 | Bank | 220000 |
|  | 347200 |  | 347200 |

## STRATEGY

- Old equipment -always check the cost price and accumulated depreciation, if amounts or closer to each other, the depreciation calculated is likely to exceed the carrying value.
- The accumulated depreciation of assets must not exceed the cost price of an asset or the current depreciation must not exceed the carrying value.
- Always verify the calculations before subtracting the residual value of R1
- Separate the calculations for :New assets ,old assets and sold asset (SON)

## NOTE ON TANGIBLE ASSETS - 28 FEBRUARY 2021

|  | Land and Buildings | Vehicles | Equipment |
| :---: | :---: | :---: | :---: |
| Carrying value (01 March 2020) | 800000 | 192000 | 50000 |
| Cost | 800000 | 300000 | 400000 |
| Accumulated depreciation |  | (108 000) | (350 000) |
| MOVEMENTS |  |  |  |
| Additions at cost | 200000 | 650000 | 250000 |
| Disposal at carrying value (300 000-127 200) | - | A (172 800) | - |
| Depreciation | - | B (116 700) | $\begin{aligned} & \hline \text { C } \quad(\text { (59 373) } \\ & \text { Check depreciation } \end{aligned}$ |
| Carrying value (28 February 2021) | 1000000 | 552500 | 240627 |
| Cost | 1000000 | D 650000 | 650000 |
| Accumulated depreciation | - | E $\quad(97500)$ | F (409 373) |

## CALCULATIONS

A. $300000-(60000+48000+19200)=172800$

127200
Cost LESS accumulated depreciation EQUALS to carrying value
B. $19200+97500=116700$ (current depreciation)
C. $49998+9375+59373$ (current depreciation)
D. $300000+650000-300000=650000$ (Bal at beginning PLUS new LESS sold)
E. $(60000+48000+19200+97500)-(60000+48000+19200)=97500$
108000
116700

127200 (Accumulated depreciation of asset sold)
F. $350000+59373=409373$

## STRATEGY

- Before you calculate the depreciation check the difference between cost and accumulated depreciation or the carrying value.
- A small balance of carrying value or the cost price that is closer to accumulated depreciation is a sign that our asset is about to be fully depreciated.
- Always check the number of assets that are about to be fully depreciated ,for one asset the residual value will be R1,but if there are three assets your residual value will be R3 (R1 x3).
- Asset disposed at carrying value: the calculation is cost price less accumulated depreciation at beginning of year and current depreciation affecting the asset disposed.
- If there are missing figures from the note use the BOTTOM UP calculation approach, as suggested in your note for share capital (example 2).

## ACTIVITY 3

The following information relates to Jama Limited on 30 June 2020. The business uses the perpetual inventory system.

## REQUIRED:

Prepare the Notes to the Statement of Financial Position (Balance Sheet) for:

- Tangible Assets
- Trade and other receivables

Extract from the accounting records on 30 June 2020:

|  | Debit | Credit |
| :--- | ---: | ---: |
| Land and Buildings (carrying value) - 1 July 2019 | 1500000 |  |
| Vehicles at cost - 1 July 2019 | 980000 |  |
| Vehicles at carrying value - 1 July 2019 | 185000 |  |
| Equipment at cost - 1 July 2019 | 500000 |  |
| Accumulated depreciation on Equipment - 1 July 2019 |  | 210000 |
| Debtors' control | 138500 |  |
| Provision for bad debts |  | 7850 |
| Equipment traded-in (trade-in value) | 22950 |  |
| Rent income | 510340 |  |
| Advertising |  |  |
| Repairs |  |  |

## Adjustments and additional information:

A. On 10 October 2019, N. Kokolo, a debtor, returned goods. A credit note for R2 100 (cost price, R1 200) was issued to her. No entries were made for the return of goods and the goods were returned to stock.
B. Provision for bad debts must be increased to R10 000.
C. The monthly rent was increased by R700 from 1 March 2020. The tenant paid R3 500 for repairs to premises and he deducted the amount from the rent that he paid in May 2020. Repairs were not recorded and the rent for June 2020 has not yet been received.
D. Advertising contract for the 9 months ending 30 September 2020 was signed and paid on 1 January 2020.
E. An amount of R 750 received from a debtor whose account had previously been written off as bad was recorded in Debtors Control.
F. A debtor with a credit balance of R1 700 must be transferred to the Creditors' Ledger.
G. An additional storeroom was built during the year and the full amount has been
debited to repairs. An invoice for R400 000 was received.
H. A new vehicle was bought on credit for R590 000 on 1 March 2020. A tracking device was installed costing R10 000. This was only recorded under Creditors control.
I. On 30 June 2020, equipment which was bought for R200 000 was traded-in against new equipment which cost R240 000 at a loss of R15 000.
J. Depreciation is calculated as follows:

- On vehicles at $20 \%$ p.a. on cost
- On Equipment at $25 \%$ on diminishing balance method

### 3.3.4 STATEMENT OF FINANCIAL POSITION

## EXAMPLE 4

## SASA LTD

You are presented with the Balance sheet of SASA LTD, fill in the missing amounts to complete this financial statement.

## WORKED EXAMPLE 4

| BALANCE SHEET FOR THE YEAR ENDED 28 FEBRUARY 2021 |  |  |
| :---: | :---: | :---: |
| ASSETS | Notes |  |
| NON-CURRENT ASSETS |  | 4980000 |
| Fixed/tangible assets (4980 000-160000) | 3 | 4820000 |
| Financial assets |  | 160000 |
| CURRENT ASSETS |  | 1820000 |
| Inventories | 4 | 956000 |
| Trade and other receivables (1820 000-956 000-2 500) | 5 | 861500 |
| Cash and cash equivalents | 6 | 2500 |
|  |  |  |
| TOTAL ASSETS |  | 6800000 |
| EQUITY AND LIABILITIES |  |  |
| SHAREHOLDERS' EQUITY |  | 5286200 |
| Share capital (5 286 200-218 200) | 7 | 5068000 |
| Retained income | 8 | 218200 |
| NON-CURRENT LIABILITIES |  | 592000 |
| Mortgage Loan (740 000-148 000) |  | 592000 |
|  |  |  |
| CURRENT LIABILITIES |  | 921800 |
| Trade and other payables (921 800-45 300-148 000) | 9 | 728500 |
| Bank overdraft |  | 45300 |
| Current portion of loan |  | 148000 |
|  |  |  |
|  |  | 6800000 |

## STRATEGY AND CALCULATIONS

- The total assets are equal to equity and liabilities, the given amount for equity and liabilities will be recorded as total assets.
- Alternative calculation for total assets in this activity is current assets plus noncurrent assets (4980000 +1820000)=6800000
- To determine the amount for long term loan, subtract 148000 of short term loan from the total mortgage loan of 740000.
- If the short term loan was not provided the following calculation could have been used :
$740000-592000=148000$
- If you were given the short term loan (148 000) and 592000 payable over a long period the calculation for the total mortgage loan would be :
$592000+148000=740000$
- To calculate your share capital, you need to first determine the shareholders equity as indicated:
- SUBTRACT non-current liabilities and current liabilities from the total equity and liabilities. (6800 000-921 800-592 000) = 5 286200
- To determine the share capital, deduct Retained income from Shareholders equity (check the equity section of the Balance sheet)

## EXAMPLE 5

## DELUHLAZO LTD

You are provided with information for the financial year ended 28 February 2021.

## REQUIRED:

Complete the Statement of Financial Position (Balance Sheet) for the year ended 28 February 2021. (Show workings in brackets).

## INFORMATION:

A. Balances/Totals for February:

|  | $\mathbf{2 0 2 1}$ | $\mathbf{2 0 2 0}$ |
| :--- | ---: | ---: |
| Ordinary share capital | 8960000 | 6020000 |
| Retained income | 624000 | 434000 |
| Fixed assets at book value | 9823405 |  |
| Loan: Protea Bank | $?$ | 360000 |
| Fixed deposit | $?$ |  |
| Trading stock | 75680 |  |
| Debtors control | 45100 |  |
| Creditors control | 285000 |  |
| Petty cash | 2500 |  |
| Cash float | 8900 |  |
| Accrued expenses | 7850 |  |
| Accrued income | 4700 |  |
| Provision for bad debts | 5150 |  |
| Bank overdraft | 792000 |  |
| SARS: Income tax (Dr) | 11340 |  |
| Interim dividends paid | 350000 |  |

B. Additional information to be used to complete the statement of financial position (Balance sheet):
(a) Share capital and dividends:

- The company has an authorised share capital of 2000000 ordinary shares
- 100000 shares were repurchased on 31 January 2021, these shares qualify for final dividends.
- On 28 February 2021, 80\% of shares were in issue.
- A final dividend of 10 cents per share was declared.
(b) Consumable stores:

Consumable stores amounted to R9 500 and only $75 \%$ were used.
(c) Fixed deposit:

The interest on the fixed deposit was R112 500 for the financial year ended 28 February 2021. The fixed deposit was invested on 1 June 2020 at Ivory Bank at 12, $5 \%$ interest p.a. Interest is not capitalised.
(d) Debtors:

A debtor with a credit balance of R5 450 is to be transferred to the creditors' ledger.
(e) Loan: Protea Bank

- Interest on loan is capitalised. Interest for the year ended 28 February 2021 was R36 000.
- Fixed monthly repayments excluding interest is R2 500.
- R30 000 is expected to be settled during the next financial year.
(f) Income tax for 2021:
- The correct net profit after tax is R850 000.

## WORKED EXAMPLE 5

## BALANCE SHEET OF DELUHLAZO LTD ON 28 FEBRUARY 2021

| ASSETS |  |
| :---: | :---: |
| NON-CURRENT ASSETS | 11023405 |
| Fixed assets | 9823405 |
| Fixed deposit (112500 x 100/12,5 $\times 12 / 9$ ) | 1200000 |
| CURRENT ASSETS | 150895 |
| Inventory (75680 + $2 \mathbf{3 7 5}$ ) | 78055 |
| Trade and other receivables $(45100-5150+4700+11340+5450)$ | 61440 |
| Cash and cash equivalents ( $2500+8900$ ) | 11400 |
| TOTAL ASSETS | 11174300 |
|  |  |
| EQUITY AND LIABILITIES |  |
| SHAREHOLDERS' EQUITY | 9584000 |
| Ordinary share capital | 8960000 |
| Retained income | 624000 |
| NON-CURRENT LIABILITIES | 300000 |
| $\begin{gathered} \hline \text { Loan }(360000-30000-30000) \\ 2500 \times 12 \\ \hline \end{gathered}$ | 300000 |
| CURRENT LIABILITIES | 1290300 |
| Trade and other payables (285000 + 7 850 + 5450) | 298300 |
| Shareholders for dividends | 170000 |
| Current portion of loan | 30000 |
| Bank overdraft | 792000 |

## Strategy and calculations

- Basic formula to calculate the interest on fixed deposit is :

Fixed deposit $\times \frac{12.5}{100} \times \frac{9}{12}=112500$

The calculation for amount invested is :
112500

$$
\times \frac{100}{12.5} \times \frac{12}{9}=1200000
$$

Note :The amount invested is unknown

- If a debtor with a credit balance is transferred to creditor's ledger it is always advisable to use the T account to indicate the effect of transferred funds.

| DR | Debtors' Account | CR | The debtors will |
| :--- | :--- | :--- | :--- |
| Transfer to creditors $\mathbf{5 4 5 0}$ | Balance | $\mathbf{5 4 5 0}$ | increase by |
|  |  | 5450 |  |
|  |  |  |  |

| DR | Creditors' Account |  | The creditors will increase by 5450 |
| :---: | :---: | :---: | :---: |
|  |  | Transfer to creditors 5450 |  |
|  |  |  |  |

- Final dividends are calculated as follows:

Number of shares issued at the end of year multiplied by $80 \%$ plus number of shares bought back multiplied by dividend per share
$(2000000 \times 80 \%)+100000 \times 0.10=170000$
1600000

- To calculate the closing balance on the long term loan ,you need to deduct only the capital repayment (exclude interest) from the opening balance. The calculation is:
$360000-(2500 \times 12)=330000$
30000
- When you are given the loan statement it is advisable to use the Loan Account or do bottom up and top down calculations to determine the interest, capital repayment and balances.

### 3.3.5 STATEMENT OF FINANCIAL POSITION AND FINANCIAL INDICATORS

In grade 12 the Statement of Financial Position is integrated with the financial indicators, most of the indicators integrated are covered in grade 10 and 11.

In order to improve understanding of this section you need to master the format of the Balance Sheet and the calculations of figures recorded in the Balance Sheet. The financial indicators will be covered extensively in booklet number three.

## BASELINE ASSESSMENT

## REQUIRED

Identify the financial indicators denoted by letter A - D from the information provided below:
INFORMATION

| FORMULA SHEET |  |
| :--- | :--- |
| EXTRACTED FROM GRADE 12 ACCOUNTING FINANCIAL INDICATORS |  |
| Total assets : Total liabilities (A) | Current assets : Current liabilities (B) |
| (Current assets - Inventories) : Current <br> liabilities <br> (C) | Non-current liabilities : Shareholders' <br> equity |
| (Trade \& other receivables + Cash \& cash equivalents) : Current liabilities <br> (D) |  |
| Shareholders' equity$\quad \times \frac{100}{1}$ |  |

## EXPECTED ANSWER

A. Solvency ratio
B. Current ratio
C. Acid test ratio
D. Acid test ratio

In this manual you will be expected to use financial indicators to determine certain figures that must be recorded in the Balance sheet.

Financial indicators that are relevant to calculation of missing figures from the financial information or the Balance Sheet:

| Financial Indicators | Formulae | Answer expressed as : | Source of information |
| :---: | :---: | :---: | :---: |
| Solvency ratio | Total assets : Total liabilities | $\begin{aligned} & \text { Ratio } \\ & x: 1 \end{aligned}$ | Balance Sheet |
| Current ratio | Current assets : Current liabilities | $\begin{aligned} & \text { Ratio } \\ & x \cdot 1 \end{aligned}$ | Balance Sheet |
| Acid test ratio | Current assets - inventories : Current liabilities | $\begin{aligned} & \text { Ratio } \\ & x: 1 \end{aligned}$ | Balance Sheet |
| Debt-equity ratio (gearing) | Non-current liabilities : Shareholders' equity | $\begin{aligned} & \text { Ratio } \\ & x: 1 \end{aligned}$ | Balance Sheet |
| Net Asset value per share | $\frac{\text { Shareholders' Equity }}{\text { Number of shares issued }} \times \frac{100}{1}$ | Cents | 8 |
| NOTE : <br> - The first three indicators are covered in grade 10 and 11. <br> - Debt equity ratio is covered in grade 11, the only difference is that grade 11 content focus at partners' equity and in grade 12 the focus is shareholders equity (retained income plus share capital) is used to determine the ratio. <br> - Net asset value per share will be covered in booklet three. The information or figures used to calculate the indicator is obtainable from the Share capital and Retained income note. |  |  |  |

## Ratios/Financial indicators that are important for Balance Sheet calculations

Calculate the value of current assets using the following information:

| Current Ratio | $2: 1$ |
| :--- | :--- |
| Current liabilities | 200000 |
| Current Assets | $?$ |

Easy calculation for Current Assets is: R200 $000 \times 2=R 400000$ OR
$2=x \quad$ (Current assets - unknown)
$1=200000$ (Current liabilities)
Cross multiply : $1 \times X=X$ and $200000 \times 2=400000$
$X=400000$
If Assets were given you would say :
$2=400000$ (Current assets)
$1=x$ (Current liabilities - unknown)
Cross multiply : $2 x X=2 X$ and $400000 \times 1=400000$ OR $400000 \div 2=200000$
$\frac{2 X}{2}=\frac{400000}{2}$
$X=200000$
NOTE : the above steps will assist you to calculate the:

- Stock figure using the Acid test ratio
- Shareholders' equity or the loan figure using the Debt equity ratio
- Net asset value per share - to calculate the Retained income or Share capital

## EXAMPLE 6

| Extract from the Pre-adjusted Trial Balance on 28 February 2021 |  |  |
| :--- | :---: | :---: |
|  | Debit | Credit |
| Balance sheet section |  |  |
| Trade debtors | $?$ |  |
| Inventories | 90000 |  |
| Bank | 120000 |  |
| Trade creditors |  | 400000 |

Financial indicator
Current ratio
$2: 1$

REQUIRED:

1. Calculate the Current Assets
2. Complete the Current Assets section of the Balance Sheet

## WORKED EXAMPLE

NOTE: current assets are twice the amount of current liabilities
Current liabilities = 400000 (1)
Current asset $=$ Unknown (2)
$400000 \times \frac{2}{1}=800000$

| Extract of the Balance sheet |  |  |
| :--- | ---: | ---: |
| Current assets | Current liabilitities $\times 2$ | 800000 |
| Trade debtors | balancing figure | 590000 |
| Inventories | 90000 |  |
| Bank | 120000 |  |
|  |  |  |
| Current liabilities | 400000 |  |
| Trade creditors | 400000 |  |

Use 800000 (current assets) to calculate the current liabilities
$800000 \times \frac{1}{2}$ OR $800000 \div 2=400000$

## EXAMPLE 7

| Extract of Pre-adjusted Trial Balance on 28 February 2021: |  |  |
| :--- | :---: | :---: |
|  | Debit | Credit |
| Balance sheet section |  |  |
| Ordinary share capital |  | 4000000 |
| Retained income |  | 800000 |
| Loan: Poobie Bank |  | $?$ |

| Financial indicator | $0,1: 1$ |
| :--- | ---: |
| Debt: Equity ratio |  |

REQUIRED:

1. Complete the Equity and Liabilities section of the Balance Sheet

## WORKED EXAMPLE

NOTE: Shareholders equity = (Retained income + Ordinary share capital)

$$
4000000+800000
$$

$$
=4800000
$$

Loan = 0,1 (unknown figure)
Equity = 1 (known)

$4800000 \times \frac{0,1}{1}=480000$ Loan NOTE: $\frac{\text { Unknown }}{\text { Known }} \quad$| (Always a numerator) |
| :--- |
| (Always a denominator) |

| Extract of the Balance sheet |  |
| :--- | ---: |
| Equity \& Liabilities |  |
| Ordinary shareholders' equity | 4800000 |
| Ordinary share capital | 4000000 |
| Retained income | 800000 |
| Non-current liabilities |  |
| Loan: Poobie Bank | 480000 |

NOTE: the following calculation would be applied in the calculation of Shareholders equity:

$$
480000 \times \frac{1}{0,1}=4800000 \text { shareholders' equity }
$$

## EXAMPLE 8

| Extract from the Pre-adjusted Trial Balance on 28 February 2021: |  |  |
| :--- | :---: | :---: |
|  | Debit | Credit |
| Balance sheet section |  |  |
| Ordinary share capital |  | 5200000 |
| Retained income |  | $?$ |

Note: The Share Capital comprised of 800000 ordinary shares.

| Financial indicator |  |
| :--- | :--- |
| Net asset value per share | 700 cents |

REQUIRED:

1. Complete the Ordinary Shareholders' Equity section of the Balance Sheet.

## WORKED EXAMPLE

Net asset value per share is: Shareholders Equity/Number of Shares $=x$ cents
$\square$
$X$ (unknown) $=700$ cents (equals to R7.00)
800000
$\frac{\mathrm{x}}{800000}=R 7.00$
$\frac{\mathrm{x}}{800000} \times 800000=R 7.00 \times 800000 \quad$ OR $\quad R 7.00 \times 800000$
$\mathrm{X} \mathrm{=5600000}$

| Extract of the Balance sheet |  |
| :--- | ---: |
| Equity and Liabilities |  |
| Ordinary shareholders' equity | 5600000 |
| Ordinary share capital | 5200000 |
| Retained income (5600 $000-5200000)$ balancing figure | $\mathbf{4 0 0} \mathbf{0 0 0}$ |
|  |  |

NOTE: To calculate the number of shares:

Shareholders' equity $\div$ NAV
$5600000 \div$ R7.00
$=800000$

## EXAMPLE 9

## NTOKOZO LTD

The information below relates to Ntokozo Ltd. The financial year ended on 28 February 2021.

## REQUIRED

Calculate the following amounts for the year ended 29 February 2021:
A. Current assets
B. Inventory
C. Cash and cash equivalents

## INFORMATION:

A. List of balances extracted from the accounting records of Sicwetsha Ltd on 28 February 2021

|  | R |
| :--- | ---: |
| Retained income (28 Feb 2021) | 2345000 |
| Fixed assets at carrying value (28 Feb 2021) | 12208400 |
| Long term loan (28 Feb 2021) | 735000 |
| Trading stock (balancing figure) | $?$ |
| Trade and other receivables | 345000 |
| Bank (favourable) | $?$ |
| Creditors' control | 478000 |
| Accrued expenses (expenses payable) | 12000 |
| SARS: Income tax (provisional tax payments) | 1012000 |

B. Inventory (calculations)
= Current Ratio less Acid Test Ratio
Formula = Current Assets x Inventory (ratio)
Current Assets (ratio)
$=3538600 \times \frac{0,5}{1,3}$
$=1361000$
C. Cash and Cash Equivalents
= Current Assets - (inventory + Trade and other receivables)
$=3538600-(1361000+345000)$
1706000
$=1832600$
D. Dividends

A final dividend of 50 cents per share was declared, 3520000 shares were in issue .All the shares qualified for dividends.
E. The following financial indicators were calculated after all adjustments had been taken into account:

| Current ratio | $1,3: 1$ |
| :--- | :---: |
| Acid-test ratio | $0,8: 1$ |

## SUGGESTED ANSWER AND STRATEGY

A Current assets

Current Ratio is : 1,3:1

- Calculate the value of current liabilities first by taking into account the information and adjustments provided in the activity.
- Calculations:

| Current Liabilities |  |
| :--- | ---: |
| Creditors Control | 478000 |
| Accrued expenses | 12000 |
| Short term loan | 420000 |
| Shareholders for dividends (3 520 000 x 50 cents) | 1760000 |
| SARS - Income tax (3800 000 x 28\%) - 1 012 000 | 52000 |
|  | 2722000 |

Current Liabilities = 2722000
Current assets = unknown
$\begin{array}{cc}\therefore=2722000 & \text { (known) } \\ 1,3=x & \text { (unknown) }\end{array}$
$2722000 \times$ unknown

## known

$2722000 \times \frac{1,3}{1}=3538600 \quad$ Current assets

B Inventory
Current ratio less current liabilities
$1,3-0,8=0,5$ ( Inventory )
Formula $=\frac{\text { current assets } x \text { inventory }}{\text { Current assets }}$
Current assets (known)
$3538600 \times \underline{0.5}=1361000$ (Inventory)
1.3

C Cash and cash equivalents or Bank :
Total Assets - (inventory + trade and other receivables) = Bank
$3538600-(1361000+345000)=1832600$
1706000

## 4. CONSOLIDATION ACTIVITIES

## ACTIVITY 4 : STATEMENT OF FINANCIAL POSITION \& SHARE CAPITAL NOTE

## BABI LTD

The information provided is for the year ended on 31 August 2020.

## REQUIRED:

4.1 Complete the Ordinary Share Capital Note.
4.2 Complete the Statement of Financial Position (Balance Sheet) on 31 August 2020.

## INFORMATION:

A. The following were extracted from the records on 1 March 2020.

| Fixed Asset (carrying value) | R 8 121 000 |
| :--- | ---: |
| Fixed Deposit: Zako Bank | 830200 |
| Inventory (Refer to Information C) | $?$ |
| Trade and other receivables (balancing figure) | $?$ |
| Bank (favourable) | 864800 |
| Cash float | 3000 |
| SARS Income Tax (Provisional tax) | 560000 |
| Ordinary Share Capital | $?$ |
| Retained Income | 14960 |
| Loan: Tambo Bank | $?$ |
| Trade and other payables | 463840 |

B. Share capital and dividends:

- Authorised shares consists of 3000000 shares.
- On 1 September 2019, there were 1800000 shares in issue.
- On 1 July 2020, the company repurchased 120000 shares at R7, 20 each, which was $20 \%$ above the average share price. These shares do not qualify for final dividends.
- $20 \%$ of unissued shares on 1 September 2019 were issued at R6, 60 per share on 25 August 2020.
- A final dividend of 22 cents per share was declared on 31 August 2020.
C. Inventory:

The business sells satellite decoders.
Closing stock of 1260 units must be valued using the first-in-first-out method. Two batches of stock were purchased during the year. There were no missing items.

|  | NUMBER <br> OF UNITS | COST PRICE <br> PER UNIT | TOTAL <br> COSTS <br> R |
| :---: | :---: | :---: | :---: |
| Opening stock | 1500 | R1 600 | 2400000 |
| Purchases: |  |  |  |
| Batch 1 (Nov. 2019) | 1800 | R1 750 | 3150000 |
| Batch 2 (June 2020) | 1200 | R1 950 | 2340000 |

D. Loan Statement from Tambo Bank

| Balance 1 September 2019 | 1840000 |
| :--- | ---: |
| Capitalised interest for the year | 130800 |
| Annual Repayment (Including Interest) | 307200 |

The capital portion for the repayment of the loan in the next financial year remains the same as the current financial year.
E. Amount owed to SARS on 31 August 2020 is a balancing figure.

You are provided with information relating to JOB Taylor Ltd for the year ended 28 February 2021.

## REQUIRED:

5.1 Complete the Retained Income Note to the Balance Sheet or Statement of Financial Position.
5.2 Complete the Balance Sheet (Statement of Financial Position) on 28 February 2021. (Show workings in brackets).

## INFORMATION:

A. Extract from the Pre-adjustment Trial Balance on 28 February 2021.

|  | Debit | Credit |
| :--- | ---: | ---: |
| Ordinary share capital (900 000 shares) |  | R 4 050 000 |
| Retained income (1 March 2016) |  | 345000 |
| Loan: Vivian Bank (1 March 2016) |  | 750000 |
| Fixed assets at cost | R 4 350 000 |  |
| Accumulated depreciation | 258740 | 650520 |
| Trading stock | 195000 |  |
| Debtors Control |  | 4000 |
| Provision for bad debts | $?$ |  |
| Fixed deposit: Santa Bank | 464000 |  |
| Bank |  | 101000 |
| Creditors' Control | 364000 |  |
| SARS (Income tax) |  | 80150 |
| Rent Income |  |  |

## B. Additional information:

(i) Share Capital

| 600000 | Shares were in issued at the beginning of the current financial <br> year (Average Share Price; R4, 00). |
| :---: | :--- |
| 300000 | Additional shares were issued on 1 May 2020 at R5, 50 per <br> share. |
| 75000 | On 28 February 2021, shares were bought back from a <br> shareholder for R450 000. This transaction was not recorded <br> yet. They are entitled to a final dividend. |

(ii) Loan agreement with Vivian Bank:

| Opening balance: 1 March 2020. | R 750000 |
| :--- | ---: |
| Repayment during the year, including interest | 192300 |
| Closing balance: 28 February 2021 | 615000 |

- The interest on loan is capitalised.
- R125 000 of the loan will be paid in the next financial year.
(iii) Dividends:
- An interim dividend of R240 000 was paid on 31 August 2020.
- A final dividend of 28 cents per share was declared on 28 February 2021 and must still be brought into account.
(iv) The following adjustments must be taken into consideration for the drafting of the Balance Sheet only:
- Audit fees still outstanding on 28 February 2021, R19 000.
- A debtor owing R6 500 was declared insolvent, was not recorded.
- The provision for bad debt must increase by R1 500.
- Consumable stores on hand, R2 180.
- The rent for February 2021 was not received yet. Note that the rent was increase by $15 \%$ on 1 November 2020.
(v) SARS (income tax):
- Income tax for the year is calculated at $28 \%$ of the net profit.
- Net profit before tax (after all adjustments) amounted toR1 250000.

## FIXED ASSETS AND BALANCE SHEET

The following information relates to Odette Ltd. The financial year ended on 28 February 2021.

## REQUIRED:

### 6.1 Refer to Information B.

Calculate the missing amounts denoted by (a) to (e).
6.2 Complete the Balance Sheet (Statement of Financial Position) on 28 February 2021. Show workings.

## INFORMATION:

A. Amounts extracted from the records on 28 February 2021:

| Balance Sheet accounts section | R |
| :--- | ---: |
| Ordinary share capital | $?$ |
| Retained income (28 February 2021) | 520000 |
| Fixed assets (carrying value) | $?$ |
| Loan from Beque Bank | 284000 |
| Trading stock | 408880 |
| Net trade debtors | 67200 |
| Fixed deposit: Elze Bank | $?$ |
| Bank (favourable) | $?$ |
| SARS: Income tax (provisional payments) | 209000 |
| Creditors' control | 184000 |
| Nominal accounts section (pre-adjustment amounts) | 30200 |
| Insurance | 108450 |
| Rent income | 42000 |
| Electricity |  |

B. Fixed assets:

|  | LAND AND <br> BUILDINGS | VEHICLES | EQUIPMENT | TOTAL |
| :--- | ---: | ---: | ---: | ---: |
| Cost |  | 350000 | 460000 |  |
| Accumulated depreciation |  | $(315000)$ |  |  |
| Carrying value (01/03/2020) | (a) | 35000 |  |  |
| Movements: | 325000 | 422550 |  |  |
| Additions | 0 | 0 | (d) |  |
| Disposals |  | (b) | (13 766) |  |
| Depreciation | (c) | 50994 | (e) |  |
| Carrying value (28/02/2021) | 2550000 | (c) |  |  |
| Cost |  | 772550 | 340000 |  |
| Accumulated depreciation |  |  |  |  |

- Depreciation on vehicles is calculated at $20 \%$ p.a. on cost.
- The company has two vehicles on 28 February 2021. One of these vehicles was purchased on 1 September 2020.
- Extract from the Fixed Assets Register in respect of equipment sold:

Fridge (Model X3)
Date purchased: 1 March 2018
Date sold: 31 December 2020 Sold for: R81 250
Depreciation rate: 10\% p.a. (diminishing-balance method)

|  | COST | DEPRECIATION | BOOK VALUE |
| :--- | ---: | ---: | ---: |
| 28 February 2019 | R120 000 | R12 000 | R108 000 |
| 29 February 2020 |  | $?$ | $?$ |
| 31 December 2020 |  | $?$ | $?$ |

C. The electricity account for February 2021, R5 600, was still outstanding.
D. The provision for bad debts must be increased by R270.
E. An additional insurance policy was taken out on 1 November 2021. The annual premium of R10 200 was paid and recorded.
F. The rent for February 2021 has not been received yet. The rent increased by $15 \%$ on 1 July 2020.
G. Net profit after tax, R518 000, was calculated after taking into account all the adjustments above. Income tax is $30 \%$ of the net profit.
H. $75 \%$ of the authorised share capital of 900000 shares was in issue. The directors declared a final dividend of 24 cents per share on 28 February 2021.
I. Extract from Beque Bank loan statement:

| Balance on 1 March 2020 | R376 000 |
| :--- | ---: |
| Instalments (including interest) | R92 000 |
| Interest capitalised | R48 000 |
| Balance on 28 February 2021 | $?$ |

## NOTE:

- Interest has not been entered in the books.
- R50 000 of the loan balance will be settled in the next financial year.
J. The net asset value per share on 28 February 2021 is 620 cents.
K. The current ratio is $2,1: 1$ on 28 February 2021.
7.1 Choose a description from COLUMN B that matches the term in COLUMN A. Write only the letter (A-E) next to the question number (7.1.1-7.1.5) in the ANSWER BOOK.

### 7.2 ORBIT LTD

Refer to the information from the records of Orbit Ltd for the financial year ended 30 June 2021.

## REQUIRED:

7.2.1 Prepare the following notes to the Balance Sheet:
(a) Ordinary share capital
(b) Retained income
7.2.2 Complete the Balance Sheet on 30 June 2021. Where notes are not required, show ALL workings in brackets.
7.2.3 The CFO (chief financial officer), Barry Wright, has convinced the company to buy back a further 400000 shares from his close relative during the next financial year. Barry currently owns 1904400 shares in this company, which is $46 \%$ of the issued shares.

As a shareholder, explain your concern regarding the proposed buy-back of shares. Provide calculations to support your concern.

## INFORMATION:

A. Extract from the books on 30 June 2021:

| Fixed/Tangible assets (carrying value) | $?$ |
| :--- | ---: |
| Fixed deposit: Morocco Bank | 380000 |
| Ordinary share capital (1 July 2020) | 3150000 |
| Retained income (1 July 2020) | 874000 |
| Bank (favourable) | 250700 |
| Loan: Helping Bank | 302400 |
| Trading stock | 478000 |
| Debtors' control | 317000 |
| Creditors' control | 239800 |
| Income received in advance | 6600 |
| SARS: Income tax (provisional payments) | 390000 |
| Dividends on ordinary shares (interim dividends) | 630000 |

B. Share capital:

- The business has an authorised share capital of 6000000 shares.
- $70 \%$ of the shares were in issue on 1 July 2020.
- 60000 ordinary shares were repurchased from a disgruntled shareholder on 1 December 2020. The company paid R3,50 per share. This was paid and recorded on 1 December 2020.
C. A final dividend of 22 cents per share was declared on 30 June 2021. Only shares in the share register qualify for final dividends.
D. The following adjustments have not been taken into account yet:
- Provision for bad debts is set at $5 \%$ of the outstanding debtors.
- Insurance included an annual premium of R31 800, paid for the period 1 October 2020 to 30 September 2021.
E. The loan statement from Helping Bank reflected the following:

| Balance on 1 July 2020 | R480 000 |
| :--- | ---: |
| Repayments during financial year (including interest) | R177 600 |
| Interest capitalised | R57600 |
| Balance on 30 June 2021 | ? |

R40 000 of the loan will be paid back in the next financial year.
F. Income tax for the year amounted to R408 800. This was calculated at $28 \%$ of the corrected net profit.

## BALANCE SHEET

8.1 Choose an explanation in COLUMN B that matches the term in COLUMN A. Write only the letters (A-E) next to the question numbers (8.1.1 to 8.1.5) in the ANSWER BOOK.

### 8.2 VISIV LTD

The financial year ended on 28 February 2019.

## REQUIRED:

### 8.2.1 Calculate:

- Amounts for (i) and (ii) in the Fixed Assets Register
- Profit/Loss on sale of asset
- Fixed assets carrying value on 28 February 2019
8.2.2 Calculate the correct net profit after tax for the year ended 28 February 2019. Indicate (+) for increase and (-) for decrease.
8.2.3 Refer to Information A-H. Prepare the following on 28 February 2019:
- Retained Income Note
- Statement of Financial Position (Balance Sheet).

NOTE: Show workings. Certain figures are provided in the ANSWER BOOK.

## INFORMATION:

## A. Fixed assets:

A delivery vehicle was sold on 31 October 2018 but no entries were made to record this transaction.

Details of vehicle sold:

| Delivery Vehicle X43 |  |  |  |
| :---: | :---: | :---: | :---: |
| Date purchased: 1 March 2016 |  |  |  |
| Date sold: 31 October 2018 |  | Sold for: R195 000 (cash) |  |
| Depreciation rate: $25 \%$ p.a. (diminishing-balance method) |  |  |  |
|  | COST | DEPRECIATION | CARRYING VALUE |
| 28 February 2017 | R400 000 | R100 000 | R300 000 |
| 28 February 2018 |  | 75000 | 225000 |
| 31 October 2018 |  | (i) | (ii) |

B. List of balances/totals on 28 February 2019 (before taking into account all adjustments below):

| Ordinary share capital | R8 152 000 |
| :--- | ---: |
| Retained income (1 March 2018) | 865300 |
| Mortgage loan: Prati Bank | 1758000 |
| Fixed assets (carrying value) | 10190000 |
| Fixed deposit: Prati Bank (balancing figure) | $?$ |
| Trading stock | 1102000 |
| Net trade debtors | 1090000 |
| Bank (favourable) | $?$ |
| SARS: Income tax (provisional tax payments) | 155000 |
| Creditors' control | 1981800 |

C. Net profit before tax, R822 700, was calculated before correcting the following:

- Provision for bad debts must be increased by R65 000.
- R9 800 of an advertising contract applies to the next financial year.
- A tenant paid rent of R334 000 for the period 1 March 2018 to 31 March 2019. Rent was increased by R3 000 per month from 1 January 2019.
- Depreciation and profit/loss on the vehicle sold must be recorded.
- A further R43 000 is owed for income tax.
D. Ordinary shares:

| DATE | DETAILS |
| :--- | :--- |
| 1 March 2018 | 2 000000 shares in issue; total book value R7 600 000 |
| 31 May 2018 | 360000 shares repurchased at R4,10 each |
| 1 October 2018 | 800000 new shares issued |
| 28 February 2019 | 2 440 000 shares in issue |

## E. Dividends:

- Interim dividends were paid in September 2018, R295 200.
- Final dividends of 20c per share were declared on 28 February 2019.
F. A creditor with a debit balance of R7 600 must be transferred to the Debtors' Ledger.
G. After processing all adjustments:
- The current ratio is $0,8: 1$.
- The current liabilities totalled R2 900000.
- The current portion of the loan is the balancing figure.

## 7. EXAMINATION GUIDANCE

1. The Statement of Financial Position is generally tested as an application-type question that involve many calculations for the different amounts for each section.
2. It is also combined with financial indicators, they are used to determine the amounts missing in the Balance sheet.
3. All Accounting questions follow the same layout. The "REQUIRED" is provided first, followed by the "INFORMATION" needed to answer the questions. Some of the information provided may not be required for any calculations. These, we call "distractors". Do not be confused.
4. The sub-questions are repeated in the ANSWER BOOK, to assist with time management. Take note of specific information included in the ANSWER BOOK. If columns or spaces on statements are shaded, this indicates that you are not required to calculate those amounts and those amounts have no bearing on the answers required.
5. You should read the sub-questions carefully and highlight the relevant information such as verbs (what are you expected to do) and key dates to ensure that you use the correct number of months in your calculations.
6. Since all the information is presented separately from what is required, you must be able to identify the specific, relevant information that is needed to answer each sub-question; example, to calculate the amount owed to or receivable from SARS, you will need the income tax amount (on the Income Statement) and the provisional tax paid (from the additional information / Pre-adjustment Trial Balance).
7. Highlight all the amounts you have used, as these may not be used in other calculations.
8. Show all workings, to ensure that maximum part marks can be achieved.
9. Use your answers in following calculations where applicable; method marks will apply in these instances.
10. Do not rely on the answer book for the structure or format of the Balance sheet, the examiner may decide to leave out some of the balance sheet items. Inspect your answer book to identify amounts that are already entered.

## 8. GENERAL STUDY AND EXAMINATION TIPS

1. Note that the Accounting content is now split into TWO papers;

- P1 Financial Reporting and Evaluation 150 marks 2 hours
- P2 Managerial accounting and internal controls 150 marks 2 hours

2. It is important to be familiar with the specific content for each paper so that you can plan effectively for the examinations. Note that certain topics are relevant to both papers and some topics may be integrated in one question.
3. Obtain many past examination papers, the examination guidelines and exemplar papers to form the basis of your study programme.
4. Prepare a functional study time table and focus on specific topics at different intervals. Align this to time management; exploring short-cuts for calculations, frequently asked predictable questions and recommended responses for interpretive questions.
5. Pay close attention to the language used in past papers such as key vocabulary and action verbs.
6. For calculations, always show all workings - they carry many part marks.
7. Familiarize yourself with the structure and layout of Questions. They follow the same pattern which is: Appetizer, Required, Information.
8. Note that the ANSWER BOOK is a vital part of the Question Paper, as many amounts and details will be included for most Questions. This is a time-saving device. Ensure that you include these amounts in your final answers, where relevant.
9. Always arrive at least 30 minutes before the commencement of the paper. You will then be able to easily take care of all the administration requirements and to make effective use of your 10 minutes reading time.
10. Use the reading time to get a global picture of the paper, and identify where you wish to start (according to your strengths). You already have the ANSWER BOOK to assist in this regard. Simply go to the relevant pages for that Question.
11. You can also answer the sub-questions in any order; always insert what is given, working from the simple to the more challenging.
12. Write legibly and neatly; markers must be clear about your answers.
13. Keep your comments short and to-the-point. The mark allocation is your guide about the expected length of your response.
14. Have your own stationery and a good calculator (even a spare - just in case).

## ACKNOWLEDGEMENTS

The Department of Basic Education (DBE) gratefully acknowledges the following officials for giving up their valuable time and families, and for contributing their knowledge and expertise to develop this this study guide for the children of our country, under very stringent conditions of COVID-19.

Writers:
Poobie Govender, Mbangwa Shabalala, Beauty Mpanza, Tabile Nobhala, Nosipho Sicwetsha, Vuyisile Deluhlazo and Nomsa Bikitsha.

DBE Subject Specialist: Percy Masango

The development of the Study Guide was managed and coordinated by Ms Cheryl
Weston and Dr Sandy Malapile.
